COMPILERS' NOTES

1. The Legislative Appropriation Act approved June 7, 1924, provided:

> "In lieu of the data relating to offices created and omitted and salaries increased and reduced, the statement shall hereafter contain such additional information concerning estimates and appropriations, as the committees may deem necessary."

Such data had been tabulated in previous volumes of this work for each session of Congress from the Fiftieth to the Sixty-seventh, inclusive, covering the fiscal years 1889 to 1924, inclusive.

2. This compilation contains laws affecting, rescinding, or making appropriations which were enacted during the second session of the 97th Congress with the exception of private relief acts containing appropriations which have been omitted from this compilation. A summary containing the number of the act, the beneficiaries, and the amount appropriated is included.

There were twenty-five appropriation bills acted upon to some extent by the Congress during the second session of the 97th Congress, and thirteen of those bills eventually became law. The twenty-five bills include the thirteen regular annual appropriation bills; nine supplementals; and three continuing resolutions. *Seven* of the thirteen regular annual appropriation bills did not become law for various reasons: *Four* were passed by the House but were not approved by the Senate (H.R. 6957—Commerce, Justice, State and the Judiciary, 1983; H.R. 7355—Defense, 1983; H.R. 7205—Labor-HHS and Education, 1983; and H.R. 7158—Treasury, Postal Service, 1983); *two* were reported to the House but did not advance beyond that stage (H.R. 7145—Energy and Water Development, 1983; and H.R. 7073—Legislative Branch, 1983); and *one* was reported by the Senate Committee on Appropriations but was not considered by that body nor was any action taken by the House on that bill (S. 3075—Foreign Assistance and Related Programs, 1983). In three cases, companion bills were reported by the Senate Committee on Appropriations but no further action was taken on those bills (S. 2956—Commerce, Justice, State and the Judiciary; S. 2951—Defense, 1983; and S. 2939—Legislative, 1983). In addition to those seven bills that were not enacted, *five* of the nine supplemental appropriation bills did not become law: *Two* urgent supplementals were vetoed by the President (H.R. 5922 and H.R. 6682); *two* were merged with other bills that were subsequently enacted into law (H.J. Res. 390 and H.J. Res. 392); and *one* was passed by the House and ordered placed on the Senate calendar with no further action taken (H.R. 6645). A chronology of all twenty-five bills is included in table V of this volume (see pp. 1444–1450).

Financing of programs and activities normally included in the seven regular annual appropriation bills that did not become law is provided through two continuing resolutions as follows:

—Public Law 97-276 for the period October 1-December 17, 1982 (except for H.R. 7073, Legislative Branch Appropriations, 1983, which is covered for the entire fiscal year; and
—Public Law 97-377 for the period December 18, 1982-September 30, 1983.

For further information concerning each of the seven bills that did not become law, see the "note" at the beginning of each of those bills (pp. 105, 131, 143, 145, 203, 205, and 251).

So-called deferral resolutions for the second session of the 97th Congress are printed in this volume for informational purposes. Section 1013 of the Congressional Budget and Impoundment Control Act of 1974 (Public Law 93-344) provides that resolutions may be introduced in either the House or the Senate to disapprove proposals by the President to defer the obligation of budget authority. Adoption of a resolution by either body mandates obligation of the budget authority in accordance with the applicable appropriating act.

3. This volume also contains various comparative tabulations for the session showing, by fiscal years and in both detailed and summarized form, the Presidential budget estimates (requests) for "appropriations" and certain other types of requests involving the appropriation of obligating and spending authority.

4. While required by the Constitution as a necessary prerequisite to the withdrawal of *any* money from the Treasury, through long usage the term "appropriation" acquired a definite, technical word-of-art meaning in relating to many details and summaries in the annual budget of the President, in the making available of obligational and spending authority, and in tabulations and summarizations

of congressional fiscal actions. If the proposition did not "appropriate" within the concept thus imparted to the term, then it was not added in the "appropriation" totals. If it did so "appropriate", it was added in.

Thus, in congressional tabulations generally, a "reappropriation" (extension) of a balance of a previous appropriation was not added to the "appropriation" totals even though it provided obligational and spending authority beyond what would in its absence have been the case. An "authorization to expend from debt receipts" (sometimes called "public debt borrowing authority") was not counted as an "appropriation" even though it conveyed both authority to obligate and authority to expend. An authorization to enter into contracts in advance of an appropriation ("contract authorization"), being authority to obligate the Government but not to *expend* money, was not added in the general "appropriation" totals. But a subsequent "appropriation to liquidate" that contract authorization—an authority to expend money but not to create additional obligations—was counted as an "appropriation".

Furthermore, historically, prior to fiscal year 1969 the general budgetary and congressional appropriation totals were arranged and presented so as to give greater emphasis and prominence to those dealing with Federal, or Federally-owned funds, as distinct from *trust* funds which the Government theoretically holds in a fiduciary capacity. Although prior to fiscal year 1938 (75th Cong., 1st sess.) such trust funds were relatively insignificant in the total appropriations picture, they subsequently came to loom large, and while *separately* tabulated and noted in volumes of this work *previous* to the 90th Cong., 2d sess., they were not included in the aggregate totals, of "appropriations" generally emphasized and cited. (See note, table X, in volumes *prior* to the 90th Cong., 2d sess.). But in subsequent volumes, including this volume, they *are* incorporated in general appropriation totals.

Title 31 U.S.C., section 2, dealing with the national budget system, provides that the term "appropriations" includes, in appropriate context "* * * funds and authorizations to create obligations by contract in advance of appropriations, or any other authority making funds available for obligation or expenditure."

Special Note.—A further significant departure in what is now included in several general summary tabulations, which was not so included in these volumes *prior* to the 90th Cong., 2d sess., has to do with obligational or spending authority (including rescissions) conveyed in acts other than the regular annual and supplemental "appropriation" acts. Copies of such acts, and certain specific tabulations related to them, usually appear in one way or another in such prior volumes, but the amounts were not cranked directly into a number of the overall summary tabulations as had been done in volumes beginning with the 90th Cong., 2d sess. This especially affects tables VIII, IX, and X. To retain some consistency of ready identity as between amounts relating to the regular annual and supplemental "appropriation" acts and amounts relating to "appropriations in legislative acts", there is a breakout among these lines in each of these three tables (in some years, the "legislative act" amounts are quite significant, relatively. And sometimes, it is not easy or possible to nail down with absolute precision the amounts involved in the "budget estimates" or the amounts "appropriated"). The total new budget (obligational) authority in these tables are net amounts reflecting rescissions in regular annual and supplemental appropriation acts, rescission acts, and legislative acts.

A new, *unified* budget concept recommended by the President's Commission on Budget Concepts in its report of October 10, 1967, was embraced by the President, and the Budget for 1969 incorporated most of its basic features. The object was to secure usage, as nearly as may be practicable, of a *single* concept of appropriations, receipts, expenditures, lending, and debt in order to promote public and congressional understanding of Federal fiscal and budget actions and matters. The various comparative tabulations and summaries in this volume conform generally to the new concept in respect to "appropriations".

(For a more detailed exposition of the new concept, see the Report of the Commission, especially in relation to "appropriations," pp. 6, 12, 16, 76, 95, and 100; Special Analysis A, the Budget for 1969; and hearings of February 8, 1968, before the Committee on Appropriations, House of Representatives, on the Budget for 1969, p. 40 and following.)

Thus, in lieu of the terms "Estimates" and "Appropriations" used in volumes previous to the 90th Cong., 2d sess., subsequent volumes, including this volume, use the terms "Budget estimates of new (obligational) authority" and "New budget (obligational) authority appropriated." In broad terms, by far the major single difference between aggregate general totals in this volume in contrast to those in volumes previous to the 90th Cong., 2d sess., is the inclusion, in this volume, of *trust* funds (virtually all of which, incidentally, in any session or year, flow automatically from permanent-type enactment of *previous* sessions that thus do not require action in bills of the *current* session). And even under the new concept, in all but a relative handful of instances, the new budget (obligational) authority "requested" and "appropriated" is in the old, conventional "appropriation" form as previously used and understood.

Specifically, "new budget (obligational) authority" is derived by—

Appropriations (as herein above described) excluding appropriations to liquidate contract authorization; plus
Reappropriations; plus
Contract authorizations; plus
Authorizations to spend from debt receipts.

It must be noted that there are, within the Government, certain inter-fund and intragovernmental payments between accounts that get counted in both places. Principal examples include: Interest on public debt securities held by trust funds; governmental contributions to employee retirement trust funds; and general fund contributions to various insurance programs. And under the new unified concept, certain "proprietary receipts from the public" are offset against budget authority *for budget summary presentation* purposes. This situation can complicate if a simple addition of Federal fund totals and trust fund totals is made without reckoning with this "deduct" problem. [Note.—The aggregate "deduct" figure of $135,001,748,000 for fiscal year 1983 used in several of the summary tables in this volume is the *estimated* amount relating to fiscal 1983 shown on page 9-3 of the Budget for 1983. Being an estimate, the "deduct" figure *is subject to revision* as actual data become available; and an updated amount for fiscal 1983 will appear in the budget for 1984.]

5. The Congressional Budget and Impoundment Control Act of 1974, Public Law 93-344, changed the fiscal year from the July 1—June 30 fiscal year to an October 1—September 30 fiscal year, and provided for the change to take place with the fiscal year beginning October 1, 1976 (Fiscal Year 1977). However, the preceding fiscal year (1976) ran from July 1, 1975 through June 30, 1976, thus providing a three-month interim period (July 1—September 30, 1976) for the necessary transition to the new fiscal year. This volume and the five previous volumes are based upon the October 1—September 30 fiscal year.

Title X (the "Impoundment Control Act of 1974") of the Congressional Budget and Impoundment Control Act of 1974 established new procedures for the reporting and control of impoundment actions of the President. Included in this volume are reports showing the status of rescissions and deferrals for fiscal year 1982 and the first 3 months of fiscal year 1983.

(1) since the enactment of Public Law 94-142, the Education for All Handicapped Children Act of 1975, amending part B of the Education of the Handicapped Act, significant numbers of handicapped youngsters have been successfully brought into the Nation's educational system;

(2) part B of the Education of the Handicapped Act has been consistently upheld since its enactment and any attempt to weaken the rights of handicapped children or the rights of parents of handicapped children has been rejected by the Congress;

(3) handicapped children have consistently demonstrated that they can and do take full advantage of the educational opportunities afforded to them;

(4) the success of part B of the Education of the Handicapped Act in States where it is in effect can be attributed in large measure to the statutory and regulatory provisions assuring the rights and participation of parents in determining the education of their children; and

(5) the Department of Education has on August 4, 1982 published proposed changes in the regulations implementing part B of the Education of the Handicapped Act designed to eliminate the assurances that the rights and participation of parents and handicapped school children be recognized.

(b) It is the sense of the Congress that—

(1) the proposed final regulations implementing part B of the Education of the Handicapped Act should not become effective, and should not be transmitted to the Congress under paragraph (1) of section 431(d) of the General Education Provisions Act, until—

(A) after the 97th Congress has returned from the recess which is scheduled to begin in October 1982, or

(B) after the 98th Congress is convened,

whichever first occurs;

(2) the forty-five day period specified in such paragraph (1) should begin on the day that such regulations are transmitted to the Congress in accordance with clause (1) of this subsection; and

(3) paragraph (2) (except the first sentence) of section 431(d) of such Act should not apply to such forty-five day period.

Sec. 306. Effective upon enactment of this Act and for the remainder of fiscal year 1983, notwithstanding any other provision of law, no funds may be paid out of the Treasury of the United States or out of any fund of a Government corporation to any private individual or corporation in satisfaction of any assurance agreement or payment guarantee or other form of loan guarantee entered into by any agency or corporation of the United States Government with respect to loans made and credits extended to the Polish People's Republic, unless the Polish People's Republic has been declared to be in default of its debt to such individual or corporation or unless the President has provided a monthly written report to the Speaker of the House of Representatives and the President of the Senate explaining the manner in which the national interest of the United States has been served by any payments during the previous month under loan guarantee or credit assurance agreement with respect to loans made or credits extended to the Polish People's Republic in the absence of a declaration of default.

Sec. 307. Notwithstanding any other provision of law, none of the funds made available by this or any other Act, heretofore or hereafter enacted, may be used to carry out section 103 and section 305(d)(3) of S. 1193 "An Act to authorize appropriations for fiscal years 1982 and 1983 for the Department of State, the International Communication Agency and the Board for International Broadcasting, and for other purposes", unless reprogrammed in accordance with the procedures established by the Committees on Appropriations of the House and Senate.

This Act may be cited as the "Supplemental Appropriations Act, 1982".

No funds appropriated by this Act shall be available for the implementation or enforcement of any rule or regulation of the United States Fish and Wildlife Service, Department of the Interior, requiring the use of steel shot in connection with the hunting of waterfowl in any State of the United States unless the appropriate State regulatory authority approves such implementation and enforcement.

"(c)(1) The Secretary may within the State of Colorado lease to the holder of the Federal oil shale lease known as Federal Prototype Tract C–a additional lands necessary for the disposal of oil shale wastes and the materials removed from mined lands, and for the building of plants, reduction works, and other facilities connected with oil shale operations (which lease shall be referred to hereinafter as an 'offsite lease'). The Secretary may only issue one offsite lease not to exceed six thousand four hundred acres. An offsite lease may not serve more than one Federal oil shale lease and may not be transferred except in conjunction with the transfer of the Federal oil shale lease that it serves.

"(2) The Secretary may issue one offsite lease of not more than three hundred and twenty acres to any person, association or corporation which has the right to develop oil shale on non-Federal lands. An offsite lease serving non-Federal oil shale land may not serve more than one oil shale operation and may not be transferred except in conjunction with the transfer of the non-Federal oil shale land that it serves. Not more than two offsite leases may be issued under this paragraph.

"(3) An offsite lease shall include no rights to any mineral deposits.

"(4) The Secretary may issue offsite leases after consideration of the need for such lands, impacts on the environment and other resource values, and upon a determination that the public interest will be served thereby.

"(5) An offsite lease for lands the surface of which is under the jurisdiction of a Federal agency other than the Department of the Interior shall be issued only with the consent of that other Federal agency and shall be subject to such terms and conditions as it may prescribe.

"(6) An offsite lease shall be for such periods of time and shall include such lands, subject to the acreage limitations contained in this subsection, as the Secretary determines to be necessary to achieve the purposes for which the lease is issued, and shall contain such provisions as he determines are needed for protection of environmental and other resource values.

"(7) An offsite lease shall provide for the payment of an annual rental which shall reflect the fair market value of the rights granted and which shall be subject to such revisions as the Secretary, in his discretion, determines may be needed from time to time to continue to reflect the fair market value.

"(8) An offsite lease may, at the option of the lessee, include provisions for payments in any year which payments shall be credited against any portion of the annual rental for a subsequent year to the extent that such payment is payable by the Secretary of the Treasury under section 35 of this Act to the State within the boundaries of which the leased lands are located. Such funds shall be paid by the Secretary of the Treasury to the appropriate State in accordance with section 35, and such funds shall be distributed by the State only to those counties, municipalities, or jurisdictional subdivisions impacted by oil shale development and/or where the lease is sited."; and

"(9) An offsite lease shall remain subject to leasing under the other provisions of this Act where such leasing would not be incompatible with the offsite lease.

"(d) In recognition of the unique character of oil shale development:

"(1) In determining whether to offer or issue an offsite lease under subsection (c), the Secretary shall consult with the Governor and appropriate State, local, and tribal officials of the State where the lands to be leased are located, and of any additional State likely to be affected significantly by the social, economic, or environmental effects of development under such lease, in order to coordinate Federal and State planning processes, minimize duplication of permits, avoid delays, and anticipate and mitigate likely impacts of development.

(1) For the purposes of this section, the term "concurrent resolution" means only a resolution introduced in either House of Congress, the matter after the resolving clause of which is as follows: "That the approves the obligation and expenditure of funds appropriated in Public Law for MX missile procurement and full-scale engineering development of a basing mode for the MX misssile," the first blank space therein being filled with the name of the resolving House, and the second blank space being filled with the public law number of this statute. It shall not be in order to introduce any such resolution prior to the receipt by the Congress of the report of the President required under subsection (7).

An Act

To provide for the operation of the tobacco price support and production adjustment program in such a manner as to result in no net cost to taxpayers, to limit increases in the support price for tobacco, and for other purposes.

July 20, 1982
[H.R. 6590]

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

SHORT TITLE

SECTION 1. This Act may be cited as the "No Net Cost Tobacco Program Act of 1982".

7 USC 1281 note.
7 USC 1445-1 note.

FINDINGS

SEC. 2. Congress finds that—

7 USC 1281 note.

(1) in order to implement the intent of Congress, as expressed in the Agriculture and Food Act of 1981, that the tobacco price support and production adjustment program be carried out at no net cost to the taxpayer, other than administrative expenses common to the operation of all price support programs, it is necessary that producers of quota tobacco share equitably in helping to eliminate losses which may be incurred in carrying out the program;

(2) producers of quota tobacco should be required, as a condition of receiving the benefits of price support for their tobacco, to contribute to a capital account to be established by each producer-owned marketing association through which price support advances are made available to producers; and

(3) the account so established should be used by the associations exclusively for the purpose of achieving a no net cost tobacco program.

TITLE I—MODIFICATION OF TOBACCO PRICE SUPPORT PROGRAM

PRODUCER CONTRIBUTIONS TO NO NET COST TOBACCO FUND

SEC. 101. Effective for the 1982 and subsequent crops of tobacco, the Agricultural Act of 1949 (7 U.S.C. 1421 et seq.) is amended by inserting, following section 106, a new section 106A as follows:

"PRODUCER CONTRIBUTIONS TO NO NET COST TOBACCO FUND

Definitions.
7 USC 1445-1.

"SEC. 106A. (a) As used in the section—

"(1) the term 'association' means a producer-owned cooperative marketing association which has entered into a loan agreement with the Corporation to make price support available to producers;

96 STAT. 198

"(2) the term 'Corporation' means the Commodity Credit Corporation, an agency and instrumentality of the United States within the Department of Agriculture through which the Secretary makes price support available to producers;

"(3) the term 'Fund' means the capital account to be established within each association, which account shall be known as the 'No Net Cost Tobacco Fund';

"(4) the term 'to market' means to dispose of quota tobacco by voluntary or involuntary sale, barter, exchange, gift inter vivos, or consigning the tobacco to an association for a price support advance;

"(5) the term 'net gains' means the amount by which total proceeds obtained from the sale by an association of a crop of quota tobacco pledged to the Corporation for price support loan exceeds the principal amount of the price support loan made by the Corporation to the association on such crop, plus interest and charges; and

"(6) the term 'quota tobacco' means any kind of tobacco for which marketing quotas are in effect or for which marketing quotas are not disapproved by producers.

Loan advances.

"(b) The Secretary may carry out the tobacco price support program through the Corporation and shall, except as otherwise provided by this section, continue to make price support available to producers through loans to associations that, under agreements with the Corporation, agree to make loan advances to producers.

Fund, establishment.

"(c) Each association shall establish within the association a Fund. The Fund shall be comprised of amounts contributed by producer-members as provided in subsection (d).

Price support eligibility.

"(d) The Secretary shall—

"(1) require—

"(A) that—

"(i) as a condition of eligibility for price support, each producer of each kind of quota tobacco (other than Burley quota tobacco with respect to the 1983 and subsequent crops) shall agree, with respect to all such kind of quota tobacco marketed by the producer from a farm, to contribute to the appropriate association, for deposit in the association's Fund, an amount determined from time to time by the association with the approval of the Secretary; and

"(ii) as a condition of eligibility for price support for any marketing year of any three-year period for which marketing quotas are in effect (other than the period applicable to the 1982 crop), each producer of Burley quota tobacco shall agree, not later than a date established by the Secretary preceding the beginning of the first marketing year of such three-year period (or, in the case of a producer of Burley quota tobacco on a new farm or a producer of Burley quota tobacco succeeding another producer on a farm, before the beginning of the marketing year in which such new producer or such successor producer will first market Burley quota tobacco from the farm involved), to contribute in each of the marketing years in such three-year period (or, in the case of such new producer or such successor producer, any remaining marketing year in such three-year period), with respect to all Burley quota tobacco marketed by the producer, to the appropriate association, for deposit in the association's Fund, an amount determined from time to time by the association with the approval of the Secretary; and

96 STAT. 199

"(B) that, upon making a contribution under subparagraph (A)—

Capital stock or capital certificate.

"(i) in the case of quota tobacco marketed other than by consignment to an association for a price support advance, the producer shall receive from the association capital stock or, if the association does not issue such stock, a capital certificate having a par value or face amount, respectively, equal to the contribution; and

"(ii) in the case of quota tobacco consigned by the producer to an association for a price support advance, the producer shall receive from the association a qualified per unit retain certificate, as defined in section 1388(h) of the Internal Revenue Code, having a face amount equal to the amount of the contribution and representing an interest in the association's Fund.

26 USC 1388.

The Secretary shall approve the amount of the contributions determined by an association from time to time under this paragraph only if the Secretary determines that such amount will result in accumulation of a Fund adequate to reimburse the Corporation for any net losses which the Corporation may sustain under its loan agreements with the association, based on reasonable estimates of the amounts which the Corporation will lend to the association under such agreements and the proceeds which will be realized from the sales of tobacco which are pledged to the Corporation by the association as security for loans;

Acreage allotment and marketing quota leases.
7 USC 1311.

"(2) effective for the 1983 and subsequent crops, require that each owner and operator of any farm who, in conformity with the provisions of subtitle B, part I, of the Agricultural Adjustment Act of 1938, leases all or any part of an acreage allotment or marketing quota for Flue-cured tobacco to make contributions, for deposit into the Fund established by the association which, under a loan agreement with the Corporation, makes price support available to producers of Flue-cured tobacco. The amount of such contribution for the quantity of tobacco of each crop represented by such lease shall be the same amount as the contribution for producers of Flue-cured tobacco of such crop determined and approved under paragraph (1). The Secretary shall require that such association, upon receiving such contribution, issue to such owner and operator capital stock or, if the association does not issue such stock, a capital certificate having a par value or face amount, respectively, equal to the contribution;

Capital stock or capital certificate.

"(3) require that the Fund established by each association shall be kept and maintained separate from all other accounts of the association and shall be used exclusively, as prescribed by the Secretary, for the purpose of ensuring, insofar as practicable, that the Corporation, under its loan agreements with the association with respect to 1982 and subsequent crops of quota tobacco, will suffer no net losses (including, but not limited to, recovery of the amount of loans extended to cover the overhead costs of the association), after any net gains are applied to net losses of the corporation under paragraph (5);

"(4) permit an association to invest the monies in the Fund in such manner as the Secretary may approve, and require that the interest or other earnings on such investment shall become a part of the Fund;

"(5) require that loan agreements between the Corporation and the association provide that the Corporation shall retain the net gains from each of the 1982 and subsequent crops of tobacco pledged by the association as security for price support loans, and that such net gains will be used for the purpose of (A) offsetting any losses sustained by the Corporation under its loan agreements with the association for any of the 1982 and subsequent crops of loan tobacco, or (B) reducing the outstanding balance of any price support loan made by the Corporation to the association under such agreements for 1982 and subsequent crops of tobacco, or for both such purposes; and

Capital or net gain distribution.

"(6) provide, in loan agreements between the Corporation and an association, that if the Secretary determines that the amount in the Fund or the net gains referred to in paragraph (5) exceed the amounts necessary for the purposes specified in this section, such excess (A) in the case of an association making price support available to producers of quota tobacco other than Burley tobacco, will be released to the association by the Corporation and may be devoted to other purposes by the association, and (B) in the case of an association making price support available to producers of Burley quota tobacco, will be released to the association by the Corporation and may be distributed, as determined by the association, to the producer-members of the association as a capital distribution or net gain distribution.

Agreement, termination.

"(e) If any association which has entered into a loan agreement with the Corporation with respect to 1982 or subsequent crops of quota tobacco fails or refuses to comply with the provisions of this section, the regulations issued by the Secretary thereunder, or the terms of such agreement, the Secretary may terminate such agreement or provide that no additional loan funds may be made available thereunder to the association. In such event, the Secretary shall make price support available to producers of the kind or kinds of tobacco, the price of which had been supported through loans to such association, through such other means as are authorized by this Act or the Commodity Credit Corporation Charter Act.

15 USC 714 note.

"(f) If, under subsection (e), a loan agreement with an association is terminated, or if an association having a loan agreement with the Corporation is dissolved, merges with another association, or otherwise ceases to operate, the Fund or the net gains referred to in subsection (d)(5) shall be applied or disposed of in such manner as the Secretary may approve or prescribe, except that they shall, to the extent necessary, first be applied or used for the purposes therefor prescribed in this section.

Regulations.

"(g) The Secretary shall issue regulations necessary to carry out the provisions of this section.".

ADJUSTMENT OF PRICE SUPPORT LEVEL OF TOBACCO

SEC. 102. Effective for the 1982 and subsequent crops of tobacco, section 106 of the Agricultural Act of 1949 (7 U.S.C. 1445) is amended by adding at the end thereof new subsection (d) as follows:

7 USC 1423.

"(d) Notwithstanding the provisions of section 403, if the Secretary determines that the supply of any grade of any kind of tobacco of a crop for which marketing quotas are in effect or are not disapproved by producers will likely be excessive, the Secretary, after prior consultation with the association through which price support for the grade and kind of tobacco is made available to producers, may reduce the support rate which would otherwise be established for such grade of tobacco after taking into consideration the effect such reduction may have on the supply and price of other grades of other kinds of quota tobacco: *Provided,* That the weighted average of the support rates for all eligible grades of such kind of tobacco shall, after such reduction, reflect not less than (1) 65 per centum of the increase in the support level for such kind of tobacco which would otherwise be established under this section, if the support level therefor is higher then the support level for the preceding crop, or (2) the support level for such kind of tobacco established under this section, if the support level therefor is not higher than the support level for the preceding crop. In determining whether the supply of any grade of any kind of tobacco of a crop will be excessive, the Secretary shall take into consideration the domestic supply, including domestic inventories, the amount of such tobacco pledged as security for price support loans, and anticipated domestic and export demand, based on the maturity, uniformity and stalk position of such tobacco.".

PENALTIES FOR MARKETING TOBACCO IN EXCESS OF MARKETING QUOTA AND FOR MARKETING CERTAIN TOBACCO THAT IS NOT ELIGIBLE FOR PRICE SUPPORT

7 USC 1314.

7 USC 1421 note.

Ante, p. 197.

SEC. 103. Effective for the 1983 and subsequent crops of tobacco, section 314 of the Agricultural Adjustment Act of 1938 is amended by amending the first sentence of subsection (a) to read as follows: "The marketing of (1) any kind of tobacco in excess of the marketing quota for the farm on which the tobacco is produced, or (2) any kind of tobacco that is not eligible for price support under the Agricultural Act of 1949 because a producer on the farm has not agreed to make contributions or pay assessments to the No Net Cost Tobacco Fund or the No Net Cost Tobacco Account as required by sections 106A(d)(1) and 106(B)(d)(1) of that Act, if marketing quotas for that kind of tobacco are in effect, shall be subject to a penalty of 75 per centum of the average market price (calculated to the nearest whole cent) for such kind of tobacco for the immediately preceding marketing year.".

TITLE II—MODIFICATION OF FLUE-CURED TOBACCO MARKETING QUOTA SYSTEM

LEASE AND SALE OF FLUE-CURED TOBACCO ACREAGE ALLOTMENTS AND MARKETING QUOTAS

SEC. 201. (a) Section 316(a) of the Agricultural Adjustment Act of 1938 (7 U.S.C. 1314b(a)) is amended by—

(1) inserting "(1)" after "(a)";

(2) inserting "shall permit the owner of any farm to which a Flue-cured tobacco acreage allotment or quota is assigned under this Act and" after "program,";

(3) inserting "Flue-cured," after "Burley,";

(4) inserting a comma before "to lease";

(5) adding at the end thereof the following new paragraph:

"(2)(A) No lease of any Flue-cured tobacco allotment or quota assigned to a farm may be filed under subsection (c) of this section after June 15 of the crop year specified in such lease, except that the Secretary may allow a lease to be so filed after June 15 of such crop year if the Secretary determines that, as a result of flood, hail, wind, tornado, or other natural disaster—

"(i) the county in which such farm is located has suffered a loss of not less than 10 per centum of the acreage of Flue-cured tobacco planted for harvest in such crop year;

"(ii) the lessor involved has suffered a loss of not less than 10 per centum of the acreage of Flue-cured tobacco planted for harvest on such farm in such crop year; and

"(iii) such lease will not impair the effective operation of the tobacco marketing quota or price support program.

Lease or transfer, filing with county committee.

If the Secretary makes such determination, then the Secretary may permit the lessor to lease all or any part of such allotment or quota to any other owner or operator of a farm in the same county or in an adjoining county within the same State for use in such county on a farm having a current Flue-cured tobacco allotment or quota. If permitted, such lease and transfer shall not be effective until a copy of such lease and a written statement described in subsection (c) of this section are filed with and determined by the county committee of such county to be in compliance with the provisions of this section.

"(B) No agreement or arrangement may be made in connection with the making of any lease with respect to any Flue-cured tobacco allotment or quota under paragraph (1) of this subsection except—

"(i) between the lessor and lessee; or

(2) striking out the second sentence and inserting in lieu thereof the following: "In the case of a lease and transfer of any Flue-cured tobacco allotment or quota for use with respect to any crop, such lease shall not be effective until, in addition to a copy of such lease, the lessor and lessee involved each file with such county committee a written statement certifying such compliance. If, after notice and an opportunity for a hearing, such county committee determines that such lessee knowingly made a false statement in such written statement, then such lessee shall be ineligible for price support for such crop under the Agricultural Act of 1949 with respect to the poundage of tobacco produced under such allotment or quota or, if such determination is made after such lessee received such price support, the Secretary, taking into consideration the recommendation of such county committee and the amount of such poundage, shall reduce appropriately the poundage for which such lessee may receive price support with respect to the crop first marketed after such determination is made. If, after notice and an opportunity for a hearing, such county committee determines that such lessor knowingly made a false statement in

96 STAT. 203

7 USC 1421 note.

such written statement, then the Flue-cured allotment or quota next established for the farm of such lessor shall be reduced by that percentage which the leased allotment or quota was of the respective Flue-cured marketing quota. Notice of any determination made by a county committee under the preceding provisions shall be mailed, as soon as practicable, to the lessee or the lessor involved. If such lessee or such lessor is dissatisfied with such determination, then such lessee or such lessor may request, within fifteen days after notice of such determination is so mailed, a review of such determination by a local review committee under section 363 of this Act."; and

For purposes of this section, the term 'active Flue-cured tobacco producer' means any person who shared in the risk of producing a crop of Flue-cured tobacco in not less than one of the three years preceding the year involved, or any person who certifies to the Secretary, in such form and manner as the Secretary shall by regulation prescribe, his or her intent to become a Flue-cured tobacco producer.

"Active Flue-cured tobacco producer."

96 STAT. 204

"(B) the amount of such person's return on such investment is dependent solely on the sale price of such crop; and

"(C) such person may not receive any of such return before the sale of such crop.

Any person who owns any Flue-cured tobacco allotment or quota and leases such allotment or quota to another person for use in producing a crop shall be considered to have shared in the risk of producing such crop if, under the terms of such lease, subparagraphs (B) and (C) of this paragraph are satisfied with regard to such owner.

"(h)(1) Any person who—

"(A) acquires any Flue-cured tobacco acreage allotment or quota by purchase under subsection (g) of this section; and

"(B) with respect to any crop of Flue-cured tobacco planted after the date of such acquisition, fails to share in the risk of producing tobacco under such allotment or quota in the manner specified in subsection (g)(2) of this section;

"(2) Any person who—

"(A) acquires any Flue-cured tobacco acreage allotment or quota by purchase under subsection (g) of this section; and

"(B) disposes of an acreage of tillable cropland (as defined in subsection (e)(2) of this section) which results in the total acreage of Flue-cured tobacco allotted to such person's farm exceeding 50 per centum of the tillable cropland owned by such person;

shall, before July 1 of the year after the year of such disposal, take steps which will result in the total acreage of Flue-cured tobacco allotted to such farm not exceeding 50 per centum of the tillable cropland owned by such person. If such person fails to take such steps, then any such excess allotment or quota shall be subject to forfeiture under the procedure specified in paragraph (3) of this subsection.

Any allotment or quota so forfeited shall be reallocated by such county committee for use by active Flue-cured tobacco producers (as defined in subsection (g)(1) of this section) in the county involved.

Review.

"(B) Notice of such determination shall be mailed, as soon as practicable, to such person. If such person is dissatisfied with such determination, then such person may request, within fifteen days after notice of such determination is so mailed, a review of such determination by a local review committee under section 363 of this Act.".

TITLE III—MISCELLANEOUS PROVISIONS RELATING TO BURLEY TOBACCO AND OTHER KINDS OF TOBACCO

MARKETING ASSESSMENTS TO NO NET COST TOBACCO ACCOUNT

SEC. 301. Effective for the 1982 and subsequent crops of all kinds of tobacco except Flue-cured tobacco, the Agricultural Act of 1949 (7 U.S.C. 1421 et seq.) is amended by inserting, following section 106A (as added by section 101 of this Act), a new section 106B as follows:

Ante, p. 197.

"MARKETING ASSESSMENTS TO NO NET COST TOBACCO ACCOUNT

Definitions. 7 USC 1445-2.

"SEC. 106B. (a) As used in this section—

"(1) the term 'association' means a producer-owned cooperative marketing association which has entered into a loan agreement with the Corporation to make price support available to producers of a kind of tobacco, except that the term does not include such an association that has entered into such an agreement to make price support available to producers of Flue-cured tobacco;

"(2) the term 'Account' means an account established by and in the Corporation for an association, which account shall be known as the 'No Net Cost Tobacco Account';

"(3) the term 'to market' means to dispose of tobacco by voluntary or involuntary sale, barter, exchange, gift inter vivos, or consigning the tobacco to an association for a price support advance;

"(4) the term 'net gains' means the amount by which total proceeds obtained from the sale by an association of a crop of a kind of tobacco pledged to the Corporation for price support loan exceeds the principal amount of the price support loan made by the Corporation to the association on such crop, plus interest and charges;

96 STAT. 208

"(5) the term 'tobacco' means any kind of tobacco except Flue-cured tobacco, as defined in section 301(b)(15) of the Agricultural Adjustment Act of 1938, for which marketing quotas are in effect or for which marketing quotas are not disapproved by producers;

"(6) the term 'area', when used in connection with an association, means the general geographical area in which farms of the producer-members of such association are located, as determined by the Secretary; and

"(7) the term 'Corporation' shall have the meaning given to it in section 106A(a)(2).

Ante, p. 197.

"(b) Notwithstanding section 106A, the Secretary shall, upon the request of any association, and may, if the Secretary determines, after consultation with such association, that the accumulation of the No Net Cost Tobacco Fund for such association under section 106A is, and is likely to remain, inadequate to reimburse the Corporation for net losses which the Corporation sustains under its loan agreement with such association—

"(1) continue to make price support available to producers through such association in accordance with loan agreements entered into between the Corporation and such association; and

No Net Cost Tobacco Account. Establishment.

"(2) establish and maintain in accordance with this section a No Net Cost Tobacco Account for such association in lieu of the No Net Cost Tobacco Fund established within such association under section 106A.

"(c)(1) Any Account established for an association under subsection (b)(2) shall be established within the Corporation and shall be comprised of amounts paid by producers under subsection (d).

"(2) Upon the establishment of an Account for an association, any amount in the No Net Cost Tobacco Fund established within such association under section 106A shall be applied or disposed of in such manner as the Secretary may approve or prescribe, except that such amount shall, to the extent necessary, first be applied or used for the purposes therefor prescribed in such section.

"(d)(1) If an Account is established for an association under subsection (b)(2), then the Secretary shall require (in lieu of any requirement under section 106A(d)(1)) that each producer of the kind of tobacco involved whose farm is within such association's area shall, as a condition of eligibility for price support, agree, with respect to all of such kind of tobacco marketed by the producer from the farm, to pay to the Corporation, for deposit in such association's Account, marketing assessments as determined under paragraph (2) and collected under paragraph (3).

"(2) For purposes of paragraph (1), the Secretary shall determine and adjust from time to time, in consultation with such association, the amount of the marketing assessment which shall be imposed, as a condition of eligibility for price support, on each pound of the kind of tobacco involved marketed by a producer from a farm within such association's area. Such amount shall be equal to an amount which, when collected, will result in an accumulation of an Account for such association adequate to reimburse the Corporation for any net losses which the Corporation may sustain under its loan agreements with such association, based on reasonable estimates of the amounts which the Corporation will lend to such association under such agreements and the proceeds which will be realized from the sales of the kind of tobacco involved which are pledged to the Corporation by such association as security for loans.

96 STAT. 209

"(3)(A) Except as provided in subparagraph (B), any marketing assessment to be paid by a producer under paragraph (1) shall be collected from the person who acquired the tobacco involved from such producer but an amount equal to such assessment may be deducted by the purchaser from the price paid to such producer in case such tobacco is marketed by sale.

"(B) If tobacco of the kind for which an Account is established is marketed by a producer through a warehouseman or other agent, then such assessment shall be collected from such warehouseman or agent who may deduct an amount equal to such assessment from the price paid to the producer. If tobacco of the kind for which an Account is established is marketed by a producer directly to any person outside the United States, such assessment shall be collected from the producer.

"(e) Amounts deposited in an Account established for an association shall be used by the Secretary for the purpose of ensuring, insofar as practicable, that the Corporation under its loan agreements with such association will suffer, with respect to the crop involved, no net losses (including, but not limited to, recovery of the amount of loans extended to cover the overhead costs of the association), after any net gains are applied to net losses of the Corporation pursuant to subsection (h).

"(f) The Secretary shall provide, in any loan agreement between the Corporation and an association for which an Account has been established under subsection (b)(2), that if the Secretary determines that the amount in such Account or the net gains referred to in subsection (h) exceed the amounts necessary for the purposes of this section, then the Secretary, in consultation with such association, may suspend the payment and collection of marketing assessments under this section upon terms and conditions established by the Secretary.

"(g) With respect to any association for which an Account is established under subsection (b)(2), if a loan agreement between the Corporation and such association is terminated, if such association is dissolved or merges with another association that has entered into a loan agreement with the Corporation to make price support available to producers of the kind of tobacco involved, or if such Account terminates by operation of law, then amounts in such Account and the net gains referred to in subsection (h) shall be applied to or disposed of in such manner as the Secretary may prescribe, except that they shall, to the extent necessary, first be applied to or used for the purposes therefor prescribed in this section.

Ante, p. 197.

"(h) The provisions of section 106A(d)(5) relating to net gains shall apply to any loan agreement between an association and the Corporation entered into upon or after the establishment of an Account for such association under subsection (b)(2).

Regulations.

"(i) The Secretary shall issue regulations necessary to carry out the provisions of this section.".

Within thirty days following such proclamation, the Secretary shall conduct a referendum of the farmers engaged in the production of the 1982 crop of each of such kinds of tobacco to determine whether they favor or oppose the establishment of farm marketing quotas on a poundage basis for such kind of tobacco as provided in this section for the three marketing years beginning October 1, 1983, in lieu of quotas on an acreage basis in effect for the two marketing years beginning October 1, 1983. If the Secretary determines that one-half or more of the farmers voting in such referendum approve marketing quotas on a poundage basis for such kind of tobacco, then marketing quotas as provided in this section shall be in effect for such kind of tobacco for the three marketing years beginning October 1, 1983, and marketing quotas on an acreage basis shall cease to be in effect for such kind of tobacco for the two marketing years beginning on October 1, 1983. Within thirty days of such proclamation, the Secretary shall conduct a referendum of farmers engaged in the production of the most recent crop of such kind of tobacco to determine whether they favor the establishment of marketing quotas on a poundage basis for such kind of tobacco as provided in this section for the next three succeeding marketing years. If the Secretary determines that more than one-half of the farmers voting in such referendum approve marketing quotas on a poundage basis under this section, then quotas on that basis shall be in effect for the next three succeeding marketing years and the marketing quotas on an acreage basis shall cease to be in effect at the beginning of such three-year period. If marketing quotas on a poundage basis are not approved by more than one-half of the farmers voting in such referendum, then the marketing quotas on

If marketing quotas on a poundage basis have been made effective for such kind of tobacco under this section, then the Secretary shall, not later than February 1 of the last of three consecutive marketing years for which marketing quotas are in effect for such kind of tobacco under this section, proclaim a national marketing quota for such kind of tobacco for the next three succeeding marketing years as provided in this section. Within thirty days following such proclamation, the Secretary shall conduct a referendum in accordance with section 312(c) of the Act. If more than one-half of the farmers voting in such referendum oppose the national marketing quotas, then the Secretary shall announce the results and no marketing quotas or price support shall be in effect for such kind of tobacco and the national marketing quota so proclaimed shall not be in effect for the next three succeeding marketing years. LONG-TERM GRAIN SALES AGREEMENT

SEC. 305. (a) The Congress finds that—

(1) talks to extend the long-term grain sales agreement between the Soviet Union and the United States were broken off in 1981 with no date set for resumption of these talks;

(2) the Government of the Soviet Union for all practical purposes has ceased to purchase United States agricultural commodities since the breaking off of negotiations;

(3) the lack of a long-term grain sales agreement may result in market instability, with the potential of disrupting the feed-livestock relationship in the United States;

(4) the lack of such an agreement may result in uncertainty among farmers as to the best planting decisions for the upcoming crop year;

(5) the lack of such an agreement has already led the Soviet Union to seek other sources of supplies at the expense of the American farmer; and

(6) the lack of such an agreement means a drop in the export of agricultural commodities and continued severe difficulties with the balance of trade deficit of the United States.

(b) It is the sense of the Congress that the President should immediately resume negotiations with the Government of the Soviet Union for the purpose of reaching an agreement to extend the duration of the existing long-term grain sales agreement and to require the purchase by the Government of the Soviet Union of a minimum amount of grain annually at a level not less than the level required by the existing long-term grain sales agreement.

LIMITATION ON THE SALE OF TOBACCO FLOOR SWEEPINGS

SEC. 306. The Agricultural Adjustment Act of 1938 (7 U.S.C. 1281 et seq.) is amended by adding immediately after section 314 thereof the following new section:

Penalties.
7 USC 1314-1.

"SEC. 314A. (a) Effective for the 1982 and subsequent crops of tobacco, the marketing of floor sweepings of any kind of tobacco in excess of allowable floor sweepings shall be subject to a civil penalty of 150 per centum of the average market price (calculated to the nearest whole cent) for such kind of tobacco for the immediately preceding marketing year. Such penalty shall be paid by any person found by the Secretary to have marketed such floor sweepings in excess of the allowable amount.

"(b) The penalty provided for in subsection (a) shall be assessed by the Secretary only after the person alleged to have marketed floor sweepings in excess of allowable floor sweepings has been given notice and an opportunity for hearing and the Secretary has determined by decision incorporating the Secretary's findings of fact that a violation did occur and the amount of the penalty.

7 USC 1376.

"(c) The provisions of section 376 of this title shall apply to penalties under this section.

Definitions.

"(d) As used in this section—

"(1) the term 'floor sweepings' means the scraps or leaves of tobacco which accumulate on the warehouse floor in the regular course of business; and

"(2) the term 'allowable floor sweepings' means the quantity of floor sweepings determined by multiplying 0.24 per centum times the total first sales of tobacco at auction for the season for the warehouse involved.".

TITLE IV—THE AGRICULTURAL STABILIZATION AND CONSERVATION COUNTY AND COMMUNITY COMMITTEE SYSTEM

16 USC 590h note.

SEC. 401. Congress finds that agricultural stabilization and conservation county and community committees have served, and should continue to serve, a vital function in implementing, at the local level, farm commodity, soil conservation, and related programs; and that, by assisting the United States Department of Agriculture to conduct such programs effectively, such committees provide substantial benefits to agriculture and the Nation. Congress further finds that the agricultural stabilization and conservation county and community committee system has developed, over the years, into a highly efficient mechanism for implementing such programs at the local level. Therefore, it is the sense of Congress that the Secretary of Agriculture should ensure that the structure and operations of the agricultural stabilization and conservation county and community committees, as heretofore developed to enable such committees to meet the responsibilities assigned them under section 8(b) of the Soil Conservation and Domestic Allotment Act, and related statutes and regulations, be preserved and strengthened. 16 USC 590h.

96 STAT. 217

An Act

To amend the Small Business Act to strengthen the role of the small, innovative firms in federally funded research and development, and to utilize Federal research and development as a base for technological innovation to meet agency needs and to contribute to the growth and strength of the Nation's economy.

July 22, 1982
[S. 881]

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

Small Business innovation Development Act of 1982.
15 USC 631 note.

SECTION 1. This Act may be cited as the "Small Business Innovation Development Act of 1982".

15 USC 638 note.

SEC. 2. (a) The Congress finds that—

(1) technological innovation creates jobs, increases productivity, competition, and economic growth, and is a valuable counterforce to inflation and the United States balance-of-payments deficit;

(2) while small business is the principal source of significant innovations in the Nation, the vast majority of federally funded research and development is conducted by large businesses, universities, and Government laboratories; and

(3) small businesses are among the most cost-effective performers of research and development and are particularly capable of developing research and development results into new products.

(b) Therefore, the purposes of the Act are—

(1) to stimulate technological innovation;

(2) to use small business to meet Federal research and development needs;

(3) to foster and encourage participation by minority and disadvantaged persons in technological innovation; and

(4) to increase private sector commercialization innovations derived from Federal research and development.

15 USC 638.

SEC. 3. Section 9(b) of the Small Business Act is amended—

(1) by striking out "and" at the end of paragraph (2);

(2) by striking out the period at the end of paragraph (3) and inserting in lieu thereof "; and"; and

(3) by adding at the end thereof the following:

"(4) to develop and maintain a source file and an information program to assure each qualified and interested small business concern the opportunity to participate in Federal agency small business innovation research programs;

"(5) to coordinate with participating agencies a schedule for release of SBIR solicitations, and to prepare a master release schedule so as to maximize small businesses' opportunities to respond to solicitations;

"(6) to independently survey and monitor the operation of SBIR programs within participating Federal agencies; and

Report to congressional committees.

"(7) to report not less than annually to the Committee on Small Business of the Senate and the Committee on Small Business of the House of Representatives on the SBIR programs of the Federal agencies and the Administration's information and monitoring efforts related to the SBIR programs.".

15 USC 638.

SEC. 4. Section 9 of the Small Business Act is amended by adding at the end thereof the following new subsections:

Definitions.

"(e) For the purpose of this section—

"(1) the term 'extramural budget' means the sum of the total obligations minus amounts obligated for such activities by employees of the agency in or through Government-owned, Government-operated facilities, except that for the Agency for International Development it shall not include amounts obligated solely for general institutional support of international research centers or for grants to foreign countries;

"(2) the term 'Federal agency' means an executive agency as defined in section 105 of title 5, United States Code, or a military department as defined in section 102 of such title, except that it does not include any agency within the Intelligence Community (as the term is defined in section 3.4(f) of Executive Order 12333 or its successor orders);

"(B) a second phase to further develop the proposed ideas to meet the particular program needs, the awarding of which shall take into consideration the scientific and technical merit and feasibility evidenced by the first phase and, where two or more proposals are evaluated as being of approximately equal scientific and technical merit and feasibility, special consideration shall be given to those proposals that have demonstrated third phase, non-Federal capital commitments; and

"(C) where appropriate, a third phase in which non-Federal capital pursues commercial applications of the research or research and development and which may also involve follow-on non-SBIR funded production contracts with a Federal agency for products or processes intended for use by the United States Government; and

"(b) A military construction project includes all military construction work, or any contribution authorized by this chapter, necessary to produce a complete and usable facility or a complete and usable improvement to an existing facility (or to produce such portion of a complete and usable facility or improvement as is specifically authorized by law).

"(c) In this chapter:

96 STAT. 154

"(1) 'Facility' means a building, structure, or other improvement to real property.

"(2) 'Military installation' means a base, camp, post, station, yard, center, or other activity under the jurisdiction of the Secretary of a military department or, in the case of an activity in a foreign country, under the operational control of the Secretary of a military department or the Secretary of Defense.

"(3) 'Secretary concerned' includes the Secretary of Defense with respect to matters concerning the defense agencies.

"(4) 'Appropriate committees of Congress' means the Committees on Armed Services and on Appropriations of the Senate and House of Representatives.

"(d) This chapter does not apply to the Coast Guard or to civil works projects of the Army Corps of Engineers.

"§ 2802. Military construction projects

"(a) The Secretary of Defense and the Secretaries of the military departments may carry out such military construction projects as are authorized by law.

"(b) Authority provided by law to carry out a military construction project includes authority for—

Report to congressional committees.

"(b) When a decision is made to carry out a military construction project under this section, the Secretary concerned shall submit a report in writing to the appropriate committees of Congress on that decision. Each such report shall include (1) the justification for the project and the current estimate of the cost of the project, (2) the justification for carrying out the project under this section, and (3) a statement of the source of the funds to be used to carry out the project. "(b) When a decision is made to carry out a military construction project under this section, the Secretary of Defense shall submit a report in writing to the appropriate committees of Congress on that decision. Each such report shall include (1) the justification for the project and the current estimate of the cost of the project, and (2) the justification for carrying out the project under this section. "(b)(1) A minor military construction project costing more than 50 percent of the amount specified by law as the maximum amount for a minor military construction project may not be carried out under this section unless approved in advance by the Secretary concerned.

"(2) When a decision is made to carry out a minor military construction project to which paragraph (1) is applicable, the Secretary concerned shall notify in writing the appropriate committees of Congress of that decision, of the justification for the project, and of the estimated cost of the project. Notification to congressional committees.

"(3) A project for the relocation of any activity from one installation to another that involves 25 or more full-time civilian employees of the Department of Defense but that is not subject to paragraph (1) may not be carried out under the authority of this section until the appropriate committees of Congress have been notified by the Secretary concerned of the intent to carry out such relocation under the authority of this section.

"(c) Only funds authorized for minor construction projects may be used to accomplish unspecified minor construction projects, except that the Secretary concerned may spend from appropriations available for operation and maintenance amounts necessary to carry out an unspecified military construction project costing not more than 20 percent of the amount specified by law as the maximum amount for a minor military construction project.

200 percent of the amount specified by law as the maximum amount for a minor military construction project.

Report to congressional committees.

Such projects may be undertaken only within the total amount of funds that have been appropriated for military construction, including funds appropriated for family housing, that have not been obligated.

Notification to congressional committees.

"(b) When a decision is made to undertake military construction projects authorized by this section, the Secretary of Defense shall notify the appropriate committees of Congress of the decision and of the estimated cost of the construction projects, including the cost of any real estate action pertaining to those construction projects.

"(b) The applicable maximum net floor area prescribed by subsection (a) may be increased by 10 percent for the housing unit of an officer holding a special command position (as designated by the Secretary of Defense), for the housing unit of the commanding officer of a military installation, and for the senior noncommissioned officer of a military installation.

"(c) The maximum net floor area prescribed by subsection (a) may be increased in any case by 5 percent if the Secretary concerned determines that the increase is in the best interest of the Government (1) to permit award of a turnkey construction contract to the contractor offering the most satisfactory proposal, or (2) to permit purchase, lease, or conversion of housing units. An increase in the maximum net floor area of a housing unit under subsection (b) when combined with an increase in the maximum net floor area of such unit under this subsection may not exceed 10 percent of the otherwise applicable limitation prescribed by subsection (a).

Waivers.

"(d)(1) The Secretary concerned may waive the provisions of subsection (a) with respect to a family housing unit leased in a foreign country if a suitable family housing unit within the applicable maximum net floor area prescribed by such subsection cannot be obtained.

"(2) Subsection (a) does not apply to family housing units in foreign countries constructed or acquired by the Secretary of State for occupancy by members of the armed forces.

Civilian personnel.

"(e) The maximum net floor areas prescribed by this section apply to family housing provided to civilian personnel based upon civilian pay scale comparability with military pay grades, as determined by the Secretary of Defense.

"Net floor area."

"(f) In this section, 'net floor area' means the total number of square feet of the floor space inside the exterior walls of a structure, excluding the floor area of an unfinished basement, an unfinished attic, a utility space, a garage, a carport, an open or insect-screened porch, a stairwell, and any space used for a solar-energy system.

"§ 2827. Relocation of military family housing units

"(a) Subject to subsection (b), the Secretary concerned may relocate existing military family housing units from any location where the number of such units exceeds requirements for military family housing to any military installation where there is a housing shortage.

Notification to congressional committees.

"(b) A contract to carry out a relocation of military family housing units under subsection (a) may not be awarded until (1) the Secretary concerned has notified the appropriate committees of Congress of the proposed new locations of the housing units to be relocated and the estimated cost of and source of funds for the relocation, and

Conditions.

"(2) A lease may only be made under paragraph (1) if the Secretary concerned finds that there is a shortage of adequate housing at or near such military installation and that—

"(B) leasing would be more cost effective than construction or acquisition of new housing;

"(C) family housing is required for personnel attending service school academic courses on permanent change of station orders;

"(D) construction of family housing at such installation has been authorized by law but is not yet completed; or

"(E) a military construction authorization bill pending in Congress includes a request for authorization of construction of family housing at such installation.

"(2) Except as provided in paragraph (3), expenditures for the rental of housing units under subsection (a) (including the cost of utilities, maintenance, and operation) may not exceed the amount specified by law as the maximum annual domestic family housing unit lease amount.

"(3) Not more than 500 housing units may be leased under subsection (a) for which the expenditure for the rental of such units (including the cost of utilities, maintenance, and operation) exceeds the maximum annual domestic family housing unit lease amount but does not exceed 120 percent of that amount.

Foreign housing facilities; conditions.

"(c) The Secretary concerned may lease housing facilities in foreign countries for assignment, without rental charge, as family housing to members of the Armed Forces and for assignment, with or without rental charge, as family housing to civilian employees of the Department of Defense—

"(1) under circumstances specified in clause (A), (B), (D), or (E) of subsection (a)(2);

"(2) for incumbents of special command positions (as determined by the Secretary of Defense);

"(3) in countries where excessive costs of housing or other lease terms would cause undue hardship on Department of Defense personnel; and

"(4) in countries that prohibit leases by individual military or civilian personnel of the United States.

Leasing period, limitation.

"(d) Leases of housing units in foreign countries under subsection (c) for assignment as family housing may be for any period not in excess of ten years, and the costs of such leases for any year may be paid out of annual appropriations for that year.

Maximum lease amount.

"(e)(1) Expenditures for the rental of family housing in foreign countries (including the costs of utilities, maintenance, and operation) may not exceed the amount specified by law as the maximum annual foreign family housing unit lease amount. That maximum lease amount may be waived by Secretary concerned with respect to not more than a total of 200 such units that are leased for incumbents of special positions or for personnel assigned to Defense Attache Offices or that are leased in countries where excessive costs of housing would cause undue hardship on Department of Defense personnel.

96 STAT. 162

Waiver.

"(2) The maximum number of family housing units that may be leased in foreign countries under this section at any one time shall be specified by law.

"(f) A lease for family housing facilities, or for real property related to family housing facilities, in a foreign country for which the average estimated annual rental during the term of the lease exceeds the amount specified by law for such purpose may not be made under this section until (1) the Secretary concerned provides to the appropriate committees of Congress written notification of the facts concerning the proposed lease, and (2) a period of 21 days elapses after the notification is received by those committees.

Notification to congressional committees.

"§ 2829. Multi-year contracts for supplies and services

"(a)(1) A member of the uniformed services with dependents may, without loss of the member's basic allowance for quarters, occupy a substandard family housing unit under the jurisdiction of the Secretary of a military department.

"(2) Occupancy of a family housing unit under paragraph (1) shall be subject to a charge against the member's basic allowance for quarters in the amount of the fair rental value of the housing unit. However, such a charge may not be made in an amount in excess of 75 percent of the amount of such allowance.

"(b) Subject to regulations prescribed by the Secretary of Defense, the Secretary of a military department may lease substandard family housing units to members of any of the uniformed services for occupancy by such members.

"(c) Amounts in the account shall remain available until spent.

"§ 2851. Supervision of military construction projects

"(a) Each contract entered into by the United States in connection with a military construction project or a military family housing project shall be carried out under the direction and supervision of the Secretary of the Army (acting through the Chief of Engineers), the Secretary of the Navy (acting through the Commander of the Naval Facilities Engineering Command), or such other department or Government agency as the Secretary of Defense approves to assure the most efficient, expeditious, and cost-effective completion of the project.

96 STAT. 164

"(b) A military construction project for an activity or agency of the Department of Defense (other than a military department) financed from appropriations for military functions of the Department of Defense shall be accomplished by or through a military department designated by the Secretary of Defense.

"§ 2852. Military construction projects: waiver of certain restrictions

"(a) The Secretary of Defense and the Secretaries of the military departments may carry out authorized military construction projects and authorized military family housing projects without regard to section 3648 of the Revised Statutes (31 U.S.C. 529).

"(b) Authority to carry out a military construction project or a military family housing project on land not owned by the United States may be exercised (1) before title to the land on which the project is to be carried out is approved under section 355 of the Revised Statutes (40 U.S.C. 255), and (2) even though the land is held temporarily.

"§ 2853. Authorized cost variations

"(a)(1) Except as provided in paragraph (2), the cost authorized for a military construction project (other than a project for which the approved amount is less than the amount specified by law as the maximum amount for a minor military construction project) may be increased by not more than 25 percent of the amount appropriated for the project by Congress or 200 percent of the amount specified by law as the maximum amount for a minor military construction project, whichever is lesser, if the Secretary concerned determines

(A) that such an increase is required for the sole purpose of meeting unusual variations in cost, and (B) that such variations in cost could not have been reasonably anticipated at the time the project was originally approved by Congress.

"(2) A military construction project (other than a project for which the approved amount is less than the amount specified by law as the maximum amount for a minor military construction project) may not be placed under contract if, based upon bids received—

"(A) the scope of work for the project, as approved by Congress, is proposed to be reduced by more than 25 percent; or

"(B) the current working estimate of the cost of the project exceeds the amount appropriated for the project by more than (i) 25 percent, or (ii) 200 percent of the amount specified by law as the maximum amount for a minor military construction project, whichever is lesser,

until subsection (d) is complied with.

"(b) If the amount approved for a project is less than the amount specified by law as the maximum amount for a minor military construction project, that approved amount may be increased to more than such maximum amount if the Secretary concerned determines (1) that such an increase is required for the sole purpose of meeting unusual variations in cost, and (2) that such variations in cost could not have been reasonably anticipated at the time the project was originally approved. However, if, based upon bids received, the current working estimate of the cost of such a project is more than such maximum amount and is more than 125 percent of the original approved amount for the project, the project may not be placed under contract until subsection (d) is complied with.

"(c) The amount authorized by law for the cost of authorized construction and acquisition of a military family housing project may be increased above the amount appropriated for such project if the Secretary determines (1) that the increase is required for the sole purpose of meeting unforeseen variations in cost, and (2) that such variations in cost could not have been reasonably anticipated at the time the project was originally approved by Congress. However, such amount may not be increased by more than 25 percent until subsection (d) is complied with.

"(d) The limitation on reduction in scope of work in subsection (a), and the limitations on cost increases in subsections (a), (b), and (c), do not apply if—

"(1) the reduction in scope of work or the increase in cost, as the case may be, is approved by the Secretary concerned;

"(2) a written notification of the facts relating to the proposed reduced scope of work or increased cost (including a statement of the reasons therefor) is submitted by the Secretary concerned to the appropriate committees of Congress; and

"(3) either 21 days have elapsed from the date of the submission of the notification under clause (2) or each of the appropriate committees of Congress has indicated approval of the proposed reduced scope of work or increased cost.

Reports to congressional committees.

"(e) After a contract for a project has been entered into, the Secretary concerned may carry out such project in an amount above the amount appropriated for such project by Congress in order to meet the costs of change orders or contractor claims. In the case of a contract to be carried out above the amount appropriated for which there has not been a cost variation under subsection (a), (b), (c), or (d), the Secretary concerned shall promptly report to the appropriate committees of Congress on the revised cost for the project and the reasons for the revised cost if the total cost under the contract exceeds the amount appropriated for the project by more than 25 percent. In the case of a contract to be carried out above the amount appropriated for which there has been a cost variation under subsection (a), (b), (c), or (d), the Secretary concerned shall promptly report to the appropriate committees of Congress on the revised cost for the project and the reasons for the revised cost, regardless of the amount by which the revised cost exceeds the amount approved for the project by the modification under subsection (a), (b), (c), or (d).

"§ 2854. Restoration or replacement of damaged or destroyed facilities

"(a) Subject to subsection (b), the Secretary concerned may repair, restore, or replace a facility under his jurisdiction, including a family housing facility, that has been damaged or destroyed.

Notification of congressional committees.

"(b) When a decision is made to carry out construction under this section and the cost of the repair, restoration, or replacement is greater than the maximum amount for a minor construction project, the Secretary concerned shall notify in writing the appropriate committees of Congress of that decision, of the justification for the project, of the current estimate of the cost of the project, of the source of funds for the project, and of the justification for carrying out the project under this section. The project may then be carried out only (1) after the end of the 21-day period beginning on the date the notification is received by such committees, or (2) after each such committee has approved the project, if the committees approve the project before the end of that period.

"§ 2855. Law applicable to contracts for architectural and engineering services and construction design

"Contracts for architectural and engineering services and construction design in connection with a military construction project or a military family housing project shall be awarded in accordance with title IX of the Federal Property and Administrative Services Act of 1949 (40 U.S.C. 541 et seq.).

"§ 2856. Limitations on barracks space by pay grade

Regulations.

"(a) The Secretary of Defense shall prescribe regulations establishing the maximum allowable net square feet per occupant for new permanent barracks construction. Such regulations shall be uniform for the armed forces under the jurisdiction of the Secretary of a military department.

Submittal to congressional committees.

"(b) Before taking effect, any regulations under this section, and any modifications to such regulations, shall be submitted to the appropriate committees of Congress. Such regulations (including any modifications to such regulations) may not then take effect until 21 days after being received by such committees.

"§ 2857. Use of solar energy systems

"(a) The Secretary of Defense shall encourage the use of solar energy systems as a source of energy for military construction projects (including military family housing projects) where use of solar energy would be practical and economically feasible.

"(b)(1) The Secretary concerned shall require that the design of all new facilities (including family housing) shall include consideration of solar energy systems in those cases in which use of solar energy has the potential for significant savings of fossil-fuel-derived energy.

"(2) The Secretary concerned shall require that contracts for construction resulting from such design include a requirement that solar energy systems be installed if such systems can be shown to be cost effective.

"(c)(1) For the purposes of this section, a solar energy system for a facility shall be considered to be cost effective if the difference between (A) the original investment cost of the energy system for the facility with a solar energy system, and (B) the original investment cost of the energy system for the facility without a solar energy system can be recovered over the expected life of the facility.

"(2) A determination under paragraph (1) of whether a cost-differential can be recovered over the expected life of a facility shall be made using accepted life-cycle costing procedures and shall include—

"(A) the use of all capital expenses and all operating and maintenance expenses associated with the energy system with and without a solar energy system over the expected life of the facility or during a period of 25 years, whichever is shorter;

"(B) the use of fossil fuel costs (and a rate of cost growth for fossil fuel costs) as determined by the Secretary of Defense; and

"(C) the use of a discount rate of 7 percent per year for all expenses of the energy system.

"(3) For the purpose of any life-cycle cost analysis under this subsection, the original investment cost of the solar energy system shall be reduced by 10 percent to reflect an allowance for an investment cost credit.

"(d) In order to equip a military construction project (including a military family housing project) with solar heating equipment, solar cooling equipment, or both solar heating and solar cooling equipment, or with a passive solar energy system, the Secretary concerned may authorize an increase in any otherwise applicable limitation with respect to the number of square feet or the cost per square foot of the project by such amount as may be necessary for such purpose. Any such increase under this subsection shall be in addition to any other administrative increase in cost per square foot or variation in floor area authorized by law.

"§ 2858. Limitation on the use of funds for expediting a construction project

"Funds appropriated for military construction (including military family housing) may not be expended for additional costs involved in expediting a construction project unless the Secretary concerned (1) certifies that expenditures for such costs are necessary to protect the national interest, and (2) establishes a reasonable completion date for the project. In establishing such a completion date, the Secretary shall take into consideration the urgency of the requirement for completion of the project, the type and location of the project, the climatic and seasonal conditions affecting the construction involved, and the application of economical construction practices.

"§ 2859. Transmission of annual military construction authorization request

"The Secretary of Defense shall transmit to Congress the annual request for military construction authorization for a fiscal year during the first 10 days after the President transmits to Congress the Budget for that fiscal year pursuant to section 201 of the Budget and Accounting Act, 1921 (31 U.S.C. 11).

"§ 2860. Availability of appropriations for five years

"(a) Subject to the provisions of appropriation Acts and except as otherwise provided under subsection (b), any funds appropriated to a military department or defense agency for the construction of military projects may be obligated for a military construction project or contract, or for any portion of such a project or contract, at any time before the end of the fourth fiscal year after the fiscal year for which funds for such project were appropriated if the funds obligated for such project (1) are obligated from funds available for military construction projects, and (2) do not exceed the amount appropriated for such project, plus any amount by which the cost of such project is increased pursuant to law.

Notification to congressional committees.

"(b) Should a requirement develop to obligate funds for a military construction project after the end of the fourth fiscal year after the fiscal year for which such funds were appropriated, such obligation may be made after the end of the 21-day period beginning on the date on which the appropriate committees of Congress receive notification of the need for such obligation and the reasons therefor.

"§ 2861. Annual report to Congress

"(a) The Secretary of Defense shall submit a report to the appropriate committees of Congress each year with respect to military construction activities and military family housing activities. Each such report shall be submitted at the same time that the annual request for military construction authorization is submitted for that

There shall also be included an analysis to indicate whether the cost variation was the result of a lack of competition, quality of plans and specifications, or quality of budget estimates, or of other factors.

Ante, p. 164.

"(7) Information to enable the committees to evaluate the use of the authority provided under section 2858 to expedite a military construction project when such expediting is required to protect the national interest.

"(3) Payments under this section shall not be made more frequently than once each month, and the Secretary concerned shall not be required to vary normal pay and disbursement cycles for retired or retainer pay in order to comply with a court order.

"(4) Payments from the disposable retired or retainer pay of a member pursuant to this section shall terminate in accordance with the terms of the applicable court order, but not later than the date of the death of the member or the date of the death of the spouse or former spouse to whom payments are being made, whichever occurs first.

"(5) If a court order described in paragraph (1) provides for a division of property (including a division of community property) in addition to an amount of disposable retired or retainer pay, the Secretary concerned shall, subject to the limitations of this section, pay to the spouse or former spouse of the member, from the disposable retired or retainer pay of the member, any part of the amount payable to the spouse or former spouse under the division of property upon effective service of a final court order of garnishment of such amount from such retired or retainer pay.

"(e)(1) The total amount of the disposable retired or retainer pay of a member payable under subsection (d) may not exceed 50 percent of such disposable retired or retainer pay.

"(2) In the event of effective service of more than one court order which provide for payment to a spouse and one or more former spouses or to more than one former spouse from the disposable retired or retainer pay of a member, such pay shall be used to satisfy (subject to the limitations of paragraph (1)) such court orders on a first-come, first-served basis. Such court orders shall be satisfied (subject to the limitations of paragraph (1)) out of that amount of disposable retired or retainer pay which remains after the satisfaction of all court orders which have been previously served.

"(3)(A) In the event of effective service of conflicting court orders under this section which assert to direct that different amounts be paid during a month to the same spouse or former spouse from the disposable retired or retainer pay of the same member, the Secretary concerned shall—

"(i) pay to that spouse the least amount of disposable retired or retainer pay directed to be paid during that month by any such conflicting court order, but not more than the amount of disposable retired or retainer pay which remains available for payment of such court orders based on when such court orders were effectively served and the limitations of paragraph (1) and subparagraph (B) of paragraph (4);

"(ii) retain an amount of disposable retired or retainer pay that is equal to the lesser of—

"(I) the difference between the largest amount of retired or retainer pay required by any conflicting court order to be paid to the spouse or former spouse and the amount payable to the spouse or former spouse under clause (i); and

"(II) the amount of disposable retired or retainer pay which remains available for payment of any conflicting court order based on when such court order was effectively served and the limitations of paragraph (1) and subparagraph (B) of paragraph (4); and

"(iii) pay to that member the amount which is equal to the amount of that member's disposable retired or retainer pay (less any amount paid during such month pursuant to legal process served under section 459 of the Social Security Act (42 U.S.C. 659) and any amount paid during such month pursuant to court orders effectively served under this section, other than such conflicting court orders) minus—

"(I) the amount of disposable retired or retainer pay paid under clause (i); and

"(II) the amount of disposable retired or retainer pay retained under clause (ii).

"(B) The Secretary concerned shall hold the amount retained under clause (ii) of subparagraph (A) until such time as that Secretary is provided with a court order which has been certified by the member and the spouse or former spouse to be valid and applicable to the retained amount. Upon being provided with such an order, the Secretary shall pay the retained amount in accordance with the order.

"(4)(A) In the event of effective service of a court order under this section and the service of legal process pursuant to section 459 of the Social Security Act (42 U.S.C. 659), both of which provide for payments during a month from the retired or retainer pay of the same member, such court orders and legal process shall be satisfied on a first-come, first-served basis. Such court orders and legal process shall be satisfied out of moneys which are subject to such orders and legal process and which remain available in accordance with the limitations of paragraph (1) and subparagraph (B) of this paragraph during such month after the satisfaction of all court orders or legal process which have been previously served.

96 STAT. 734

"(B) Notwithstanding any other provision of law, the total amount of the disposable retired or retainer pay of a member payable by the Secretary concerned under all court orders pursuant to this section and all legal processes pursuant to section 459 of the Social Security Act (42 U.S.C. 659) with respect to a member may not exceed 65 percent of the disposable retired or retainer pay payable to such member.

"(5) A court order which itself or because of previously served court orders provides for the payment of an amount of disposable retired or retainer pay which exceeds the amount of such pay available for payment because of the limit set forth in paragraph (1), or which, because of previously served court orders or legal process previously served under section 459 of the Social Security Act (42 U.S.C. 659), provides for payment of an amount of disposable retired or retainer pay that exceeds the maximum amount permitted under paragraph (1) or subparagraph (B) of paragraph (4), shall not be considered to be irregular on its face solely for that reason. However, such order shall be considered to be fully satisfied for purposes of this section by the payment to the spouse or former spouse of the maximum amount of disposable retired or retainer pay permitted under paragraph (1) and subparagraph (B) of paragraph (4).

"(6) Nothing in this section shall be construed to relieve a member of liability for the payment of alimony, child support, or other payments required by a court order on the grounds that payments made out of disposable retired or retainer pay under this section have been made in the maximum amount permitted under paragraph (1) or subparagraph (B) of paragraph (4). Any such unsatisfied obligation of a member may be enforced by any means available under law other than the means provided under this section in any case in which the maximum amount permitted under paragraph (1) has been paid and under section 459 of the Social Security Act (42 U.S.C. 659) in any case in which the maximum amount permitted under subparagraph (B) of paragraph (4) has been paid.

"(f)(1) The United States and any officer or employee of the United States shall not be liable with respect to any payment made from retired or retainer pay to any member, spouse, or former spouse pursuant to a court order that is regular on its face if such payment is made in accordance with this section and the regulations prescribed pursuant to subsection (h).

"(2) An officer or employee of the United States who, under regulations prescribed pursuant to subsection (h), has the duty to respond to interrogatories shall not be subject under any law to any disciplinary action or civil or criminal liability or penalty for, or because of, any disclosure of information made by him in carrying out any of his duties which directly or indirectly pertain to answering such interrogatories.

"(g) A person receiving effective service of a court order under this section shall, as soon as possible, but not later than 30 days after the date on which effective service is made, send a written notice of such court order (together with a copy of such order) to the member affected by the court order at his last known address.

NATO DEFENSE INDUSTRIAL COOPERATION

22 USC 1928 note.

SEC. 1122. (a) The Congress finds that—

(1) the United States remains firmly committed to cooperating closely with its North Atlantic Treaty Organization (hereinafter in this section referred to as "NATO") allies in protecting liberty and maintaining world peace;

(3) the need for a credible conventional deterrent in Western Europe has long been recognized in theory but has never been fully addressed in practice;

(4) a more equitable sharing by NATO member countries of both the burdens and the technological and economic benefits of the common defense would do much to reinvigorate the North Atlantic Treaty Organization alliance with a restored sense of unity and common purpose;

(5) a decision to coordinate more effectively the enormous technological, industrial, and economic resources of NATO member countries will not only increase the efficiency and effectiveness of NATO military expenditures but also provide inducement for the Soviet Union to enter into a meaningful arms reduction agreement so that both Warsaw Pact countries and NATO member countries can devote more of their energies and resources to peaceful and economically more beneficial pursuits.

(b) It is the sense of the Congress that the President should propose to the heads of government of the NATO member countries that the NATO allies of the United States join the United States in agreeing—

(1) to coordinate more effectively their defense efforts and resources to create, at acceptable costs, a credible, collective, conventional force for the defense of the North Atlantic Treaty area;

(2) to establish a cooperative defense-industrial effort within Western Europe and between Western Europe and North America that would increase the efficiency and effectiveness of NATO expenditures by providing a larger production base while eliminating unnecessary duplication of defense-industrial efforts;

(3) to share more equitably and efficiently the financial burdens, as well as the economic benefits (including jobs, technology, and trade) of NATO defense; and

(4) to intensify consultations promptly for the early achievement of the objectives described in clauses (1) through (3).

(2) press vigorously in every appropriate forum for a full explanation of outstanding allegations concerning Soviet and Soviet-proxy use of chemical weapons in violation of international law; and

(3) communicate to the Government of the Union of Soviet Socialist Republics the earnest desire of the Government of the United States for a comprehensive, verifiable ban on chemical weaponry and the willingness of the Government of the United States to participate in negotiations toward this end as soon as the Government of the United States can be satisfied that the Soviet Union is not in violation of existing international accords applying to the prohibition of first use of chemical weapons and the production and transfer of biological weapons and that the Soviet Union is prepared to agree to provisions needed to ensure the verifiability of an accord banning chemical warfare.

50 USC 403 note.

"(ii) any amount accruing to the fund under subparagraph (A) shall be refunded, but only to the extent that such amount may have exceeded the actuarial cost of providing benefits under this subsection for the period such benefits were provided, as determined under regulations prescribed by the Director.

(30)(A) Chapter 145 is amended by adding at the end thereof the following:

10 USC 2457.

"§ 2457. Standardization of equipment with North Atlantic Treaty Organization members

"(a) It is the policy of the United States to standardize equipment, including weapons systems, ammunition, and fuel, procured for the use of the armed forces of the United States stationed in Europe under the North Atlantic Treaty or at least to make that equipment interoperable with equipment of other members of the North Atlantic Treaty Organization. To carry out this policy, the Secretary of Defense shall—

"(1) assess the costs and possible loss of nonnuclear combat effectiveness of the military forces of the members of the Organization caused by the failure of the members to standardize equipment;

"(2) maintain a list of actions to be taken, including an evaluation of the priority and effect of the action, to standardize equipment that may improve the overall nonnuclear defense capability of the Organization or save resources for the Organization; and

"(3) initiate and carry out, to the maximum extent feasible, procurement procedures to acquire standardized or interoperable equipment, considering the cost, function, quality, and availability of the equipment.

"(b) Progress in realizing the objectives of standardization and interoperability would be enhanced by expanded inter-Allied procurement of arms and equipment within the North Atlantic Treaty Organization. Expanded inter-Allied procurement would be made easier by greater reliance on licensing and coproduction cooperative agreements among the signatories of the North Atlantic Treaty. If constructed to preserve the efficiencies associated with economies of scale, the agreements could minimize potential economic hardship to parties to the agreements and increase the survivability, in time of war, of the North Atlantic Alliance's armaments production base by dispersing manufacturing facilities. In conjunction with other members of the Organization and to the maximum extent feasible, the Secretary shall—

"(1) identify areas in which those cooperative agreements may be made with members of the Alliance; and

"(2) negotiate those agreements.

"(c)(1) It is the sense of Congress that weapons systems being developed wholly or primarily for employment in the North Atlantic Treaty Organization theater should conform to a common Organization requirement in order to proceed toward joint doctrine and planning and to facilitate maximum feasible standardization and interoperability of equipment, and that a common Organization requirement should be understood to include a common definition of the military threat to the members of the Organization.

"(2) It is further the sense of Congress that standardization of weapons and equipment within the Organization on the basis of a 'two-way street' concept of cooperation in defense procurement between Europe and North America can only work in a realistic sense if the European nations operate on a united and collective basis. Therefore, the governments of Europe are encouraged to accelerate their present efforts to achieve European armaments collaboration among all European members of the Organization.

Report to Congress.

"(d) Before February 1 of each year, the Secretary shall submit a report to Congress that includes—

"(1) each specific assessment and evaluation made and the results of each assessment and evaluation, and the results achieved with the members of the North Atlantic Treaty Organization, under subsections (a)(1) and (2) and (b);

"(2) procurement action initiated on each new major system not complying with the policy of subsection (a);

"(3) procurement action initiated on each new major system that is not standardized or interoperable with equipment of other members of the Organization, including a description of the system chosen and the reason for choosing that system;

"(4) the identity of—

"(A) each program of research and development for the armed forces of the United States stationed in Europe that supports, conforms, or both, to common Organization requirements of developing weapon systems for use by the Organization, including a common definition of the military threat to the Organization; and

"(B) the common requirements of the Organization to which those programs conform or which they support;

"(5) action of the Alliance toward common Organization requirements if none exist;

"(6) efforts to establish a regular procedure and mechanism in the Organization to determine common military requirements;

"(7) a description of each existing and planned program of the Department of Defense that supports the development or procurement of a weapon system or other military equipment originally developed or procured by members of the Organization other than the United States and for which funds have been authorized to be appropriated for the fiscal year in which the report is submitted, including a summary listing of the amount of funds—

96 STAT. 1296

"(A) appropriated for those programs for the fiscal year in which the report is submitted; and

"(B) requested, or proposed to be requested, for those programs for each of the 2 fiscal years following the fiscal year for which the report is submitted; and

"(8) a description of each weapon system or other military equipment originally developed or procured in the United States and that is being developed or procured by members of the Organization other than the United States during the fiscal year for which the report is submitted.

"(e) If the Secretary decides that procurement of equipment manufactured outside the United States is necessary to carry out the policy of subsection (a), the Secretary may determine under section 2 of title III of the Act of March 3, 1933 (41 U.S.C. 10a), that acquiring that equipment manufactured in the United States is inconsistent with the public interest.

"(f) The Secretary shall submit the results of each assessment and evaluation made under subsection (a) (1) and (2) to the appropriate North Atlantic Treaty Organization body to become an integral part of the overall Organization review of force goals and development of force plans.".

INTERNATIONAL EXCHANGES AND NATIONAL SECURITY

SEC. 305. (a) The Congress finds that—

(1) United States Government sponsorship of international exchange-of-persons activities has, during the postwar era, contributed significantly to United States national security interests;

(2) during the 1970's, while United States programs declined dramatically, Soviet exchange-of-persons activities increased steadily in pace with the Soviet military buildup;

(3) as a consequence of these two trends, Soviet exchange-of-persons programs now far exceed those sponsored by the United States Government and thereby provide the Soviet Union an important means of extending its worldwide influence;

(4) the importance of competing effectively in this area is reflected in the efforts of major United States allies, whose programs also represent far greater emphasis on exchange-of-persons activities than is demonstrated by the current United States effort; and

(5) with the availability of increased resources, the United States exchange-of-persons program could be greatly strengthened, both qualitatively and quantitatively.

(b) It is therefore the sense of the Congress that—

(1) United States exchange-of-persons activities should be strengthened;

(2) the allocation of resources necessary to accomplish this improvement would constitute a highly cost-effective means of enhancing the United States national security; and

(3) because of the integral and continuing national security role of exchange-of-persons programs, such activities should be accorded a dependable source of long-term funding.

22 USC 2455 note.

(c) The amount obligated by the United States Information Agency each fiscal year for grants for exchange-of-persons activities shall be increased, through regular annual increases, so that by the fiscal year 1986 the amount obligated for such grants is at least double (in terms of constant dollars) the amount obligated for such grants for the fiscal year 1982.

22 USC 2455 note.

(d)(1) In furtherance of the purposes of subsection (c), the Congress directs that of the amount appropriated for the United States Information Agency for the fiscal year 1983—

(A) $84,256,000 shall be available only for grants for the Fulbright Academic Exchange Programs and the International Visitor Program; and

(B) $3,248,000 shall be available only for grants for the Humphrey Fellowship Program; and

(C) $8,906,000 shall be available only for grants to private, not-for-profit organizations engaging in exchange-of-persons programs;

subject to paragraphs (2) and (3) of this subsection.

(2) If the amount appropriated for the United States Information Agency for the fiscal year 1983 is less than the amount authorized for the fiscal year 1983, then the amounts specified in subpara-

graphs (A) through (C) of paragraph (1) shall each be deemed to be reduced to the amount which bears the same ratio to the specified amount as the amount appropriated bears to the amount authorized. For purposes of this paragraph—

"Amount appropriated." *Ante*, p. 291.

(A) the term "amount appropriated" means the amount appropriated under section 302 of this Act (less any rescissions), and does not include amounts appropriated under section 704 of the United States Information and Educational Exchange Act of 1948 (relating to nondiscretionary personnel costs and currency fluctuations) or under any other provision of law; and

22 USC 1477b.

(B) the term "amount authorized" means the amount authorized to be appropriated by section 302 of this Act, less an amount equal to any amount which was withheld from appropriation (or was rescinded) in order to reduce the amount available for a particular program or activity.

(3) The Director of the United States Information Agency may authorize up to 5 percent of the amount earmarked under subparagraph (A), (B), or (C) of paragraph (1) to be used for a purpose other than the exchange-of-persons activities specified in that subparagraph. Not less than 15 days prior to any such authorization, the Director shall submit to the Committee on Foreign Affairs of the House of Representatives, and to the Committee on Foreign Relations of the Senate, a justification for authorizing the use of earmarked funds for a purpose other than the specified exchange-of-persons activities.

DISTRIBUTION WITHIN THE UNITED STATES OF CERTAIN UNITED STATES INFORMATION AGENCY FILMS

SEC. 306. (a) Notwithstanding the second sentence of section 501 of the United States Information and Educational Exchange Act of 1948 (22 U.S.C. 1461)—

Master copies, availability to GSA.

(1) the Director of the United States Information Agency shall make available to the Administrator of General Services a master copy of each of the films listed in subsection (b) of this section; and

Reimbursement; film deposit in National Archives.

(2) the Administrator shall reimburse the Director for any expenses of the Agency in making that master copy available, shall secure any licenses or other rights required for distribution of that film within the United States, shall deposit that film in the National Archives of the United States, and shall make copies of that film available for purchase and public viewing within the United States.

Any reimbursement to the Director pursuant to this section shall be credited to the applicable appropriation of the United States Information Agency.

(b) The films to be made available pursuant to this section are the following: "Reflections: Samuel Eliott Morison"; "And Now Miguel"; and "In their Own Words".

Public Law 97-177
97th Congress

An Act

To require the Federal Government to pay interest on overdue payments, and for other purposes.

May 21, 1982
[S. 1131]

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

Prompt Payment Act.

SHORT TITLE

SECTION 1. This Act may be cited as the "Prompt Payment Act".

31 USC 1801 note.

INTEREST PENALTIES ON LATE PAYMENTS

31 USC 1801.

SEC. 2. (a)(1) In accordance with regulations prescribed by the Director of the Office of Management and Budget, each Federal agency which acquires property or services from a business concern but which does not make payment for each such complete delivered item of property or service by the required payment date shall pay an interest penalty to such business concern in accordance with this section on the amount of the payment which is due.

(2) Such regulations—

(A) shall specify that the required payment date shall be—

(i) the date on which payment is due under the terms of the contract for the provision of such property or service; or

(ii) thirty days after receipt of a proper invoice for the amount of the payment due, if a specific date on which payment is due is not established by contract;

(B)(i) in the case of any acquisition of meat or of a meat food product, as defined in section 2(a)(3) of the Packers and Stockyards Act, 1921 (7 U.S.C. 182(3)), shall specify a required payment date which is not later than seven days after the date of delivery of such meat or meat food product; and

(ii) in the case of any acquisition of a perishable agricultural commodity, as defined in section 1(4) of the Perishable Agricultural Commodities Act, 1930 (7 U.S.C. 499a(4)), shall specify a required payment date consistent with requirements imposed pursuant to such Act;

(C) shall specify separate required payment dates for contracts under which property or services are provided in a series of partial executions or deliveries, to the extent that such contract provides for separate payment for such partial execution or delivery; and

(D) shall require that, within fifteen days after the date on which any invoice is received, Federal agencies notify the business concern of any defect or impropriety in such invoice which would prevent the running of the time period specified in subparagraph (A)(ii).

(b)(1) Interest penalties on amounts due to a business concern under this Act shall be paid to the business concern for the period

96 STAT. 86

beginning on the day after the required payment date and ending on the date on which payment of the amount due is made, except that no interest penalty shall be paid if payment for the complete delivered item of property or service concerned is made on or before (A) the third day after the required payment date, in the case of meat or a meat food product described in subsection (a)(2)(B)(i); (B) the fifth day after the required payment date, in the case of an agricultural commodity described in subsection (a)(2)(B)(ii); or (C) the fifteenth day after the required payment date, in the case of any other item. Interest shall be computed at the rate determined by the Secretary of the Treasury for interest payments under section 12 of the Contract Disputes Act of 1978 (41 U.S.C. 611). The Secretary of the Treasury shall publish each such rate in the Federal Register.

Interest rate computation.

Publication in Federal Register.

Unpaid interest penalty.

(2) Any amount of an interest penalty which remains unpaid at the end of any thirty-day period shall be added to the principle amount of the debt and thereafter interest penalties shall accrue on such added amount.

(c) This section does not authorize the appropriation of additional funds for the payment of interest penalties required by this section. A Federal agency shall pay any interest penalties required by this section out of funds made available for the administration or operation of the program for which the penalty was incurred.

Interest penalty payments.

(d)(1) Any recipient of a grant from a Federal agency may provide in a contract for acquisition of property or services from a business concern for the payment of interest penalties on amounts overdue under such contract, except that—

(A) in no case shall an obligation to pay such interest penalties be construed to be an obligation of the United States, and

(B) any payment of such interest penalties shall not be made from funds provided to the grant recipient by a Federal agency, nor shall any non-Federal funds expended for such interest penalties be counted toward any matching requirement applicable to that grant.

(2) Such interest penalty payments shall be made under such terms and conditions as agreed to by the grant recipient and the business concern, consistent with the grant recipient's usual business practices and applicable State and local law.

LIMITATION ON DISCOUNT PAYMENTS

31 USC 1802.

SEC. 3. (a) If a business concern offers a Federal agency a discount from the amount otherwise due under a contract for property or services in exchange for payment within a specified period of time, the Federal agency may make payment in an amount equal to the discounted price only if payment is made within such specified period of time.

(b) Each agency which violates subsection (a) shall pay an interest penalty on any amount which remains unpaid in violation of such subsection. Such interest penalty shall accrue on such unpaid amount in accordance with the regulations prescribed pursuant to section 2, except that the required payment date with respect to such unpaid amount shall be the last day of the specified period of time described in subsection (a).

96 STAT. 87

CLAIMS; RELATION TO OTHER LAW

31 USC 1803.

SEC. 4. (a)(1) Claims for interest penalties which a Federal agency has failed to pay in accordance with the requirements of section 2 or 3 of this Act may be filed under section 6 of the Contract Disputes Act of 1978 (41 U.S.C. 605).

(2) Interest penalties under this Act shall not continue to accrue (A) after the filing of a claim for such penalties under the Contract Disputes Act of 1978, or (B) for more than one year.

41 USC 601 note.

(3) Paragraph (2) shall not be construed to preclude the accrual of interest pursuant to section 12 of the Contract Disputes Act of 1978 (41 U.S.C. 611) after interest penalties have ceased accruing under this Act, and interest pursuant to such section may accrue on both any unpaid contract payment and on the unpaid interest penalty required by this Act.

(b) Except as provided in section 3 with respect to disputes concerning discounts, this Act shall not be construed to require interest penalties on payments which are not made by the required payment date by reason of a dispute between a Federal agency and a business concern over the amount of that payment or other allegations concerning compliance with a contract. Claims concerning any such dispute, and any interest which may be payable with respect to the period while the dispute is being resolved, shall be subject to the Contract Disputes Act of 1978.

(2) "appropriations" means appropriated amounts and includes, in appropriate context—

(A) funds;

(B) authority to make obligations by contract before appropriations; and

96 STAT. 908

(C) other authority making amounts available for obligation or expenditure.

§ 1102. Fiscal year

The fiscal year of the Treasury begins on October 1 of each year and ends on September 30 of the following year. Accounts of receipts and expenditures required under law to be published each year shall be published for the fiscal year.

§ 1103. Budget ceiling

Congress reaffirms its commitment that budget outlays of the United States Government for a fiscal year may be not more than the receipts of the Government for that year.

§ 1104. Budget and appropriations authority of the President

(a) The President shall prepare budgets of the United States Government under section 1105 of this title and proposed deficiency and supplemental appropriations under section 1107 of this title. To the extent practicable, the President shall use uniform terms in stating the purposes and conditions of appropriations.

(b) Except as provided in this chapter, the President shall prescribe the contents and order of statements in the budget on expenditures and estimated expenditures and statements on proposed appropriations and information submitted with the budget and proposed appropriations. The President shall include with the budget and proposed appropriations information on personnel and other objects of expenditure in the way that information was included in the budget for fiscal year 1950. However, the requirement that information be included in the budget in that way may be waived or changed by joint action of the Committees on Appropriations of both Houses of Congress. This subsection does not limit the authority of a committee of Congress to request information in a form it prescribes.

Waiver.

(c) When the President makes a basic change in the form of the budget, the President shall submit with the budget information showing where items in the budget for the prior fiscal year are contained in the present budget. However, the President may change the functional categories in the budget only in consultation with the Committees on Appropriations and on the Budget of both Houses of Congress.

Regulations.

(d) The President shall develop programs and prescribe regulations to improve the compilation, analysis, publication, and dissemination of statistical information by executive agencies. The President shall carry out this subsection through the Administrator for the Office of Information and Regulatory Affairs in the Office of Management and Budget.

(e) Under regulations prescribed by the President, each agency shall provide information required by the President in carrying out this chapter. The President has access to, and may inspect, records of an agency to obtain information.

§ 1105. Budget contents and submission to Congress

(A) the amount proposed in the budget for appropriation and for expenditure because of the proposal in the fiscal year for which the budget is submitted; and

(c) The President shall recommend in the budget appropriate action to meet an estimated deficiency when the estimated receipts for the fiscal year for which the budget is submitted (under laws in effect when the budget is submitted) and the estimated amounts in the Treasury at the end of the current fiscal year available for expenditure in the fiscal year for which the budget is submitted, are less than the estimated expenditures for that year. The President shall make recommendations required by the public interest when

96 STAT. 911 the estimated receipts and estimated amounts in the Treasury are more than the estimated expenditures.

(d) When the President submits a budget or supporting information about a budget, the President shall include a statement on all changes about the current fiscal year that were made before the budget or information was submitted.

§ 1106. Supplemental budget estimates and changes

(a) Before July 16 of each year, the President shall submit to Congress a supplemental summary of the budget for the fiscal year for which the budget is submitted under section 1105(a) of this title. The summary shall include—

(b) Before April 11 and July 16 of each year, the President shall submit to Congress a statement of changes in budget authority requested, estimated budget outlays, and estimated receipts for the fiscal year for which the budget is submitted (including prior changes proposed for the executive branch of the Government) that the President decides are necessary and appropriate based on current information. The statement shall include the effect of those changes on the information submitted under section 1105(a)(1)-(14) and (b) of this title and shall include supporting information as practicable. The statement submitted before July 16 may be included in the information submitted under subsection (a)(1) of this section.

The President may submit to Congress proposed deficiency and supplemental appropriations the President decides are necessary because of laws enacted after the submission of the budget or that are in the public interest. The President shall include the reasons for the submission of the proposed appropriations and the reasons the proposed appropriations were not included in the budget. 96 STAT. 912

§ 1108. Preparation and submission of appropriations requests to the President

The President may change agency appropriation requests. Agency appropriation requests shall be developed from cost-based budgets in the way and at times prescribed by the President. The head of the agency shall use the cost-based budget to administer the agency and to divide appropriations or amounts.
